

2-WIRE ACCESSORIES SELECTOR GUIDE

PRYME 2-wire audio accessory kits contain an earphone and an integrated microphone/Push-to-Talk. The microphone/PTT can either be clipped to the user's collar and used as a lapel microphone, or can be hidden in the user's clothing under the sleeve of a shirt or jacket, and held in the hand. Because the kit can be worn in two different ways, our 2-wire audio accessories are most versatile and work well in just about any application.
