

TROOPER II™ SPM-2200

Waterproof Remote Speaker Microphone

The TROOPER II™ is an upgraded and weatherized version of our TROOPER®; series speaker microphone, our best-selling PRYME speaker microphone. The TROOPER II™ has a better seal to prevent dust and moisture from entering the noise canceling microphone.

FEATURES

- Fully submersible version of our TROOPER® speaker microphone
- Earphone jack faces down to prevent rain from entering (jack should be covered by the supplied cap when not in use)
- Large PTT button is easy to operate even when wearing gloves in cold weather
- Features a 3.5mm accessory jack for connecting an earphone to the unit (See EH-300, EH-1300, EH-1200 Series for Listen Only Earpieces pages 20-21)
- Noise canceling microphone
- Non-slip grips
- IP57 rating

Submersible up to 1 meter!

With listen-only jack and fixed, non-removable radio cable, this model is more water-resistant than the SPM-2100 Series.
