

PRYME 1, 2 and 3-Wire Accessories Selector Guide

Earpiece options for 1, 2, and 3-wire accessories

Whether you're looking for convenience, increased privacy, or just want to keep a low-profile, an audio accessory with an earphone can enhance the usability of your two-way radio. That's why PRYME makes earphones in several different configurations, including low-profile surveillance earphones, D-ring ear speakers that stay in place securely, and comfortable over-the-ear loops.

1 and 2-Wire Accessories

PRYME's 1 and 2-wire audio accessory kits contain an earphone and an integrated microphone/Push-to-Talk. The microphone/PTT can either be clipped to the user's collar and used as a lapel microphone, or can be hidden in the user's clothing under the sleeve of a shirt or jacket, and held in the hand. Because the kit can be worn in two different ways, our 2-wire audio accessories are most versatile and work well in just about any application.
