

GLADIATOR™ SPM-1500 Heavy-Duty Throat Microphone

PRYME®

The GLADIATOR™ tactical HD Throat Mic system blocks background noise by picking up sound directly from user's vocal cords. Dual mic elements provide excellent audio, and eliminate the throat location placement issues often found with single element products. It has a surveillance style acoustic tube earphone for private communications.

FEATURES

- Tactical, heavy-duty throat microphone with acoustic earphone
- Blocks background noise by picking up the sound of the user's voice directly from vocal chord vibration
- Dual microphone elements for comfort and performance
- Heavy-duty construction, featuring polyurethane cable, rubber, and high-impact polycarbonate
- Clear acoustic tube style surveillance earphone made of heavy grade surgical tubing
- Large PTT button for tactical set-up
- Fits neck sizes from 12" to 17"
- Throat Mic Portion IP68 rating*
