Continuous Talk Time	> 5 Hours

The **BTH-550-MAX** is a Broadly Compatible, Medium Duty, Wireless Remote Speaker Microphone designed for use with:

- * PRYMEBLU Wireless adapters
- * Kenwood, Icom, EF Johnson, and Bendix King two-way radios with onboard Bluetooth technology
- * Apple and Android phones running Zello or ES Chat PoC (PTT Over Cellular) apps. 

MSRP \$135

(Wall charger included)

The BTH-550-MAX is smaller and lighter than our BTH-600-MAX, but still just as weather resistant. It has a Rotary Volume Control, which can be much easier to use, especially when wearing gloves. With more than 40-hrs of talk time (80-hours typical) and greater than 30-days standby time, the BTH-550-MAX is a real workhorse.

FEATURES

- Wireless Remote Speaker Microphone with rotary volume control
- Great sounding transmit and receive audio using the latest in wireless technology
- Optional drop-in charge cradle Part Number P-CHA-DT1
- Rechargeable battery for up to 40 hours of operation
- Typical operation range: 10 meters
- Built-in 3.5mm earphone jack

ALTERNATE VERSIONS AVAILABLE

While the BT-550-MAX is broadly compatible with a wide-variety of devices, some radios or PoC apps may require one of these alternate versions instead:

- BTH-550-HA** For Harris radios with onboard Bluetooth technology
- BTH-550-HY** For Hytera radios with onboard Bluetooth technology
- BTH-550-KU** For Motorola Wave PTT and Kodiak PTT compatible PoC apps

Optional Cradle Charger
Part No. P-CHA-DT1
MSRP \$40

Wall charger and cord included

Replaceable
Clothing Clip

PRYME

BLU

BTH-600-MAX

Heavy-Duty, Water Resistant, Wireless Speaker Microphone

PRYME

MAX

The **BTH-600-MAX** is a Broadly Compatible, Heavy Duty, Wireless Remote Speaker Microphone designed for use with:

- PRYMEBLU Wireless adapters
- Kenwood, Icom, EF Johnson, and Bendix King two-way radios with onboard Bluetooth technology* Apple and Android phones running Zello or ES Chat PoC (PTT Over Cellular) apps. 

The BTH-600-MAX is the more powerful, heavy-duty Wireless RSM requested by our customers. Based on the SPM-4200 StormTrooper® series, the BTH-600-MAX is water and dust resistant, and has incredible battery life.

FEATURES

- Wireless version of StormTrooper®
- Noise reduction microphone element
- Push button volume controls (UP and DOWN)
- Powered by a removable/replaceable BL-5C Nokia cell phone battery (included) which provides up to 40-hours of operation and 30-days of standby on a single charge.
- Includes mini USB charging cable and universal wall charger
- Operating range of up to 10-meters (30-feet)
- Built-in wireless PTT
- Built-in earphone jack for additional privacy and security. Compatible with a standard 3.5 mm earphone plug such as our LOOKOUT™, RECON™ or SCOUT™ (sold separately - see pg 12)

MSRP \$150
(Battery charger included)

ALTERNATE VERSIONS AVAILABLE

While the BTH-600-MAX is broadly compatible with a wide-variety of devices, some radios or PoC apps may require one of these alternate versions instead:

- BTH-600-HA For Harris radios with onboard Bluetooth technology
- BTH-600-HY For Hytera radios with onboard Bluetooth technology
- BTH-600-KU For Motorola Wave PTT and Kodiak PTT compatible PoC apps

Connects wirelessly to PRYMEBLU® radio adapters, such as the BT-523

Wall charger and cord included

OPTIONAL EARPHONES

Although the PRYMEBLU® Speaker Microphone has a built-in speaker for listening to received calls, some users may prefer to use a listen-only earphone for enhanced privacy. The accessory jack on the speaker microphone will accept any mono earphone with a 3.5 mm audio plug. When an earphone is used, the front-firing speaker is disabled.

The **BTH-700/800/900-MAX** are Broadly Compatible, Wireless Dual Muff Headsets designed for use with:

- PRYMEBLU Wireless adapters
- Kenwood, Icom, EF Johnson, and Bendix King two-way radios with onboard Bluetooth technology
- Apple and Android phones running Zello or ES Chat PoC (PTT Over Cellular) apps. 

MSRP \$250

(Wall charger included)

Professional grade, wireless dual-muff headset line from PRYME is available in three of the most popular configurations: The BTH-800-MAX fits over-the-head with a very comfortable padded headband; the BTH-700-MAX version clips into most construction helmets (not included); the BTH-900-MAX has a strong, steel spring, behind-the-head band, holding the speakers firmly against ears, and is the style most preferred by racing teams. All of the BTH earmuffs feature the latest in Wireless technology, with a range of up to 10-meters, talk-time up to about 12-hrs, and standby time over 50-hrs.

Large, waterproof, rubber buttons built into the BTH-700/800/900-MAX series provides independent cellphone and radio PTT, volume control and a backlit power switch. The series is rugged, easy-to-use, and provides around 24dB of hearing protection while still being super comfortable for all-day use. Also available with optional GEL earpads, cloth ear pad covers, disposable ear pad covers, and is easy to change to different styles of microphones.

FEATURES

- Fully integrated BT. No wires - no external BT boxes - clean and professional
- Well-designed rubber membrane control switches located in one of the ear cups provide: Power ON/OFF, Volume UP, Volume DOWN, PTT and PHONE control
- Two-color LED is located behind power switch, protected from rain and dust Indicates: power status, link status, PTT status, low battery and charging status
- Ear cups are the same size as our wired earmuffs and share the spare/optional accessories, such as GEL pads, ear pad covers, easy-to-replace mic elements
- BTH-900 racing style headset has large, raised PTT button, perfect for users wearing gloves

BTH-700-MAX-HMB

HELMET MOUNTING CLIPS

BTH-800-MAX-OHB

BTH-900-MAX-EMB

PRYME[®]MAX[™]

PUSH-TO-TALK BUTTON

When the headset is paired with a PRYMEBLU Wireless adapter, holding this button down activates the Push-to-Talk feature of the two-way radio.

NOTE: the PTT button on the BTH-900-MAX-EMB is different than the BTH-700-MAX-HMB and BTH-800-MAX-OHB.

VOLUME UP/DOWN BUTTONS

These buttons are used to adjust the volume level of received calls heard through the headset.

MUFF EARPONES

Received calls are heard through these headset speakers.

USB CHARGE JACK

This micro-USB jack is used to connect the supplied charge cable to the headset in order to recharge the device's internal lithium-ion battery pack.

Wall charger and cord included

HEADBAND / HELMET MOUNTING CLIPS

Depending on the model, the headset may be furnished with mounting clips for attaching to a hard hat (BTH-700-MAX-HMB), an over-the-head band (BTH-800-MAX-OHB) or a behind-the-head band (BTH-900-MAX-EMB).

POWER BUTTON / STATUS LED

Pressing this button for one second turns the muff headset ON or OFF. This button is also used to place the headset in pairing mode so that it can be connected wirelessly to a PRYMEBLU adapter or cellphone. The status LED behind the button flashes messages that let the user know the current status of the device.

PHONE BUTTON

When the headset is paired with a cellphone, this button can be used to manage telephone functions such as answering or hanging up a call.

ALTERNATE VERSIONS AVAILABLE

While the BT-700/800/900-MAX are broadly compatible with a wide-variety of devices, some radios or PoC apps may require one of these alternate versions instead:

BTH-700/800/900-HA For Harris radios with onboard Bluetooth technology

BTH-700/800/900-HY For Hytera radios with onboard Bluetooth technology

BTH-700/800/900-KU For Motorola Wave PTT and Kodiak PTT compatible PoC apps

Continuous Talk Time	> 5 Hours

Wireless adapters allow you to use a compatible wireless headset or other audio accessory with your 2-way radio.

Our Wireless Adapters pair easily with thousands of off-the-shelf Wireless headsets and remember paired connections, even if the radio is turned off. If used with a headset that supports multiple pairings, the PRYMEBLU® adapters enable operation of both your cell phone and two-way radio with the same headset. The accessory jack also allows you to connect any PRYME QD™ (Quick Disconnect) series wired audio accessory, such as a remote Push-to-Talk or lapel microphone, in combination with the wireless headset.

Our newer V2 Adapters are smaller than our old adapters, and plug directly onto the radios, so they are truly wireless, and don't need to be clipped to your belt or clothing. V2 Adapters work with our BT-PTT-Z mini buttons, which are very small, and use LE (Low Energy)

BT-MOBILE HANDSFREE KIT Bluetooth Adapters for Mobile Two-Way Radios

The PRYMEBLU® BT-MOBILE Adapter allows you to use a compatible wireless Bluetooth headset or other audio accessory with a MOBILE 2-way radio. The adapter plugs into and gets its power from the radio. The adapter's replaceable interface cable plugs directly into the microphone jack or rear accessory port of your mobile two-way radio. The BT-MOBILE works with thousands of off-the-shelf consumer Bluetooth headsets (not included).

FEATURES

- Allows you to use a Bluetooth headset to send and receive calls over your mobile two-way radio
- Compatible with thousands of readily available Bluetooth headsets (not included)
- Compatible with a wide range of different mobile radios; simply choose the correct model adapter for your radio
- Easy pairing process. Stores paired connection to the wireless headset even if the radio is powered off or adapter is removed from the 2-way radio
- No time delay on Transmit Audio messages

Multiple PTT Options

Activate your radio's transmit function by pressing the Multifunction/PTT button on the adapter itself. Or use the optional foot switch PTT or wireless mini PTT buttons (sold separately).

WIRED Accessory for Cellphones/Tablets Using PoC Apps

Link™ Adapter for Zello

PoC/MCPTT Radio Gateway Cable/Adapter allows you to create a PTT-Over-Cellular to two-way radio gateway using only a cellphone running the Zello app and a two-way radio.

- Simple single-cable interface design
- Connects an Apple iPhone* or Android smartphone (with a CTIA compatible earphone jack, such as Samsung models) to a two-way radio (NOTE: X83 connector model shown for use with Motorola MotoTRBO and APX radios.)
- Allows PoC and two-way radio users to intercommunicate with one another through the Gateway devices
- Compatible with the Zello and similar smartphone PoC apps

* iPhone must have 3.5mm earphone jack or Lightning adapter

WIRED Accessory for Cellphones/Tablets Using PoC Apps

Zello, WAVE, KODIAK, ESChat, Voxer + more

Pico™ starting at **\$100** (Lapel Mic - Earpieces Additional)
Wired Surveillance Kit with PTT Button

Unique design solves a common problem: Pico™ can PTT the PoC Application through the wires. NOT WIRELESS! Nothing to pair!

- Never loses connection
- Lightning, USB-C, or 3.5mm compatible plug
- Custom made Braided Fiber cable is soft, comfortable and resists tangling
- This is an extremely rugged single-wire cable for lapel and surveillance use
- 2-pin SNAP connector lets you change earpieces easily, yet is extremely secure and rugged
- Newly-designed mic housing contains custom microprocessor, power switch, PTT button and phone button
- Thick, Braided Fiber radio cable with metal clamp retention eliminates strain on the wires inside the cable
- 360 degree rotating clip on PTT/mic housing attaches to lapel, coat, uniform, as required by user

ADVANTAGES OF BRAIDED FIBER CLOTH

- Good for pulling and bending
- Soft / comfortable
- Resists tangling
- Non-reflective
- Waterproof

WIRELESS AND WIRED ACCESSORIES FOR RADIOS / CELL PHONES AND TABLETS

PRYME® Listen Only Earpieces

1
YEAR
WARRANTY

Our innovative Listen Only earpieces provide quality and comfort during private communications. All units feature heavy grade industrial jacketed cables and excellent strain relief for maximum life in the field. PRYME provides the option of using Listen Only Earpieces either with your radio (long cable) or your speaker microphone (short cable.) Plug in with PRYME and enjoy the comfort and convenience of private listening.

LOOKOUT™ EH-300 SERIES

- Low profile, in-line earphone
- Soft earhook holds earphone in place during strenuous activity and is extremely comfortable to wear
- High quality speaker allows for outstanding receive audio
- Rugged, polycarbonate components for maximum durability
- Polyurethane-jacketed, coiled mic cable
- Available with either 2.5mm or 3.5mm plugs

EH-GH89SC SERIES

- Comfortable G-Hook style earpiece can be used on either left or right ear
- Large speaker delivers clear, crisp audio
- Speaker can be easily cleaned for comfort or hygiene
- 10" coiled cord when retracted - expands to 20"
- 3.5mm plug

SCOUT™ EH-1200 SERIES

- Rugged surveillance style D-Ring earphone
- The D-Ring is a secure yet comfortable style earpiece that provides outstanding receive audio
- The patented swivel earpiece design allows for longer lasting strain relief
- Rugged, polycarbonate components for maximum durability
- Available with either 2.5mm or 3.5mm plugs

EH-289xB SERIES

PRYME® FLAT CABLE EARPHONE

Professional grade FLAT CABLE earphone fits all PRYME® speaker microphones and any other brands that use a 3.5mm plug. Lightweight and super comfortable for use on either ear. Not too long. Our unique FLAT CABLE is light, yet strong and resists tangles often seen with coiled cords.

RECON™ EH-1300 SERIES

- Rugged surveillance style acoustic tube earphone
- TWIST CONNECT acoustic tube assembly for hygiene and multiple users
- The clear eartube is low profile and provides outstanding receive audio
- Features heavy-duty cable with a strong polyurethane jacket and reinforced strain relief
- Polycarbonate components for long life in the field
- Can be easily concealed under a sport coat, jacket, or other clothing
- Good for covert communication
- Available with either 2.5mm or 3.5mm plugs

Use earbud or flexible ear insert

All EH-1300 earpieces have TWIST CONNECT acoustic tube.

All EH-1300 earpieces have reinforced earphone clip.

MIRAGE™ SPM-1300 / SPM-1300-BF 1-WIRE Surveillance Kit – Lapel PTT

PRYME®

MIRAGE™ Series - SPM-1300 / SPM-1300-BF - Surveillance Kit , Lapel Mic Style (1-wire)
with Noise Reducing Mic element and Clear Tube Earphone.

The MIRAGE™ Lapel Style Mic Kit features a clear tube, surveillance style earphone. The tube assembly has a twist connector making it easy to replace or clean. Kit includes standard bud type earpiece and your choice of semi-custom ear mold.

FEATURES

- Rugged lapel mic with surveillance style acoustic tube earphone
- TWIST CONNECT acoustic tube assembly for hygiene and multiple users
- Reinforced earphone clip provides cable retention and eliminates strain on earphone
- High-quality electret condenser mic element produces excellent transmit audio
- Rugged, polycarbonate housing is designed to reduce background noise
- Polyurethane jacketed coiled mic cable
- Features Dual Switch Technology (DST) for maximum durability
- Also available with Braided Fiber cloth cable

The SPM-1300-BF™ series products feature our custom made Braided Fiber cable for superior bending and pulling strength. We are so confident in the quality of our cable, that we will replace it for free if it ever breaks.

The SPM-1300-BF has all the features of our popular MIRAGE™ — rugged, dual-PTT switches, Twist Connect clear tube, loud speaker, included semi-custom ear mold — but made with our BF cable.

Now you have two choices! Traditional PU coiled Cable or new Braided Fiber cable for the same price.

ADVANTAGES OF BRAIDED FIBER CLOTH

- Good for pulling and bending

SPM-2000QD

2-Wire Surveillance Kit – Dual PTT - Quick Disconnect

PRYME®

The PRYME SPM-2000 Series surveillance kit is for anyone who needs low-profile, dependable communications. The kit includes an acoustic tube earphone and slim line microphone. It is meant to be worn under the user's clothing with the mic dropped down their shirt sleeve, or clipped to their lapel. In addition to being stealthy, the SPM-2000 is also durable. It has a heavy microphone cable with a strong polyurethane jacket and superior strain relief. The mic housing is made of high impact polycarbonate for long field life. The entire earphone is easily removeable and can be replaced or repaired to extend the life of the product.

PRICING

SPM-3300QD

3-Wire Surveillance Kit

PRYME®

For versatility in true surveillance applications, it's hard to beat PRYME's 3-wire audio accessories. These kits are easier to use and conceal under clothing, because each component of the kit (earphone, microphone and Push-to-Talk) is connected to the two-way radio via a separate cable. This allows you to stay in contact without drawing too much attention to your radio.

FEATURES

- Designed for high level of covert communications
- Micro lapel mic can transmit under clothing
- Barrel PTT form fits for easy transmission
- TWIST CONNECT acoustic tube assembly for hygiene and multiple users
- Reinforced earphone clip provides cable retention and eliminates strain on earphone

PRYME® P-SNAP Series Earpieces

PRYME's rugged P-SNAP 2-pin connector allows users to select the type of earpiece best suited for their application. Also helps prevent radio connector wear, and reduces repair costs. The special braided fiber cable is stronger and more durable than plastic coated cable, and at the same time, can be much more comfortable to wear while preventing the tangling common in PUR (polyurethane) cables.

P-SNAP is available in two different cable layouts. The 1-wire cable features an in-line PTT and microphone, while the 2-wire cable has separate PTT/microphone and earpiece cable. Once the type of cable is determined, you can choose one of five different earpiece styles.

Once the type of cable is determined, you can choose one of five different earpiece styles. ORDER SEPARATELY

STORM TROOPER® SPM-4200

Advanced Heavy Duty Platform

PRYME®

The SPM-4200 is a heavy-duty remote speaker microphone, specifically built for public safety use. Engineered to our highest standards of performance and durability, the STORM TROOPER® features a noise canceling microphone, high output front-firing speaker, and a high/low switch so that you can easily toggle the volume of received calls.

PLATFORM FEATURES

- Large speaker microphone with water shedding grill
- Front-firing, high-volume speaker
- Hi/Low volume toggle switch (6dB range)
- Rugged, heavy-duty design specifically built for public safety usage
- Large tactile switch PTT is easy to use even while wearing gloves
- Earphone jack for optional listen-only earphone (sold separately)
- Panic switch available on some models (radio must support external panic)
- Features a 3.5mm accessory jack for connecting an earphone to the unit
(See EH-300, EH-1300, EH-1200 Series for Listen Only Earpieces pg. 12)

PRYME TROOPER II™ SPM-2200

Waterproof Remote Speaker Microphone

The TROOPER II™ is an upgraded and weatherized version of our TROOPER®; series speaker microphone, our best-selling PRYME speaker microphone. The TROOPER II™ has a better seal to prevent dust and moisture from entering the noise canceling microphone.

FEATURES

- Fully submersible version of our TROOPER® speaker microphone
- Earphone jack faces down to prevent rain from entering (jack should be covered by the supplied cap when not in use)
- Large PTT button is easy to operate even when wearing gloves in cold weather
- Features a 3.5mm accessory jack for connecting an earphone to the unit (See EH-300, EH-1300, EH-1200 Series for Listen Only Earpieces pg. 12)
- Noise canceling microphone
- Non-slip grips
- IP57 rating

TROOPER® SPM-2100

Rain Resistant Remote Speaker Microphone

PRYME®

The Trooper® has a polyurethane-jacketed microphone cable, with ample strain relief, and an impact-resistant, rubber sealed, polycarbonate housing. The Trooper® is built for a long lifespan of heavy-duty use. It has a large Push-To-Talk switch on the side of the mic, and extends over the top, which allows it to be pushed easily while wearing gloves. The Trooper® has a spring loaded metal reinforced clothing clip that can rotate a full 360 degrees, allowing the user to wear the mic securely with most types of uniforms. The Trooper® has a high quality electret condenser-style microphone element for clear transmission. The Trooper® also has a powerful speaker that provides ample sound. For added privacy, the Trooper® has a 3.5mm earphone jack for listen-only earpieces.

FEATURES

- Professional quality, water-resistant, remote speaker microphone
- Heavy-duty construction, featuring polyurethane cables and impact-resistant polycarbonate housing
- Rubber sealed housing for heavy-duty use in wet environments
- High-quality speaker and mic elements provide clear audio on both transmit and receive
- Large PTT switch and metal reinforced clip that rotates 360°
- Features a 3.5mm accessory jack for connecting an earphone to the unit (See EH-300, EH-1300, EH-1200 Series for Listen Only Earpieces pg. 12)
- Non-slip grips
- IP56 rating

OBSERVER™ SPM-100

Lightweight Remote Speaker Microphone

The SPM-100 Observer™ is a compact, lightweight remote speaker microphone designed for use in light-duty applications. Each microphone features a high-quality electret condenser microphone element, which produces excellent transmitted audio clarity. The SPM-100 is meant to be worn on the user's lapel, duty belt, or shoulder epaulet. It secures to the user's clothing by way of a large metal-reinforced clip which rotates 360 degrees. The SPM-100 features a powerful built-in speaker that provides loud receive audio in all but the noisiest of environments. For additional privacy and security, use the Observer™ with an optional listen-only earpiece.

FEATURES

- Lightweight, small, remote speaker microphone
- High-quality electret condenser-style microphone element that produces excellent transmit audio, as well as a powerful speaker
- For additional privacy and security, the SPM-100 also has a built-in 3.5mm jack, allowing operation of an optional remote listen-only earpiece, such as our LOOKOUT™, RECON™ or SCOUT™
- Spring loaded, metal reinforced clothing clip which can be rotated 360°
- Durable polycarbonate housing for long product lifespan
- Flexible polyurethane jacketed microphone cable with ample strain relief
- IP55 rating

GLADIATOR™ SPM-1500

Heavy-Duty Throat Microphone

PRYME®

The GLADIATOR™ tactical HD Throat Mic system blocks background noise by picking up sound directly from user's vocal cords. Dual mic elements provide excellent audio, and eliminate the throat location placement issues often found with single element products. It has a surveillance style acoustic tube earphone for private communications.

FEATURES

- Tactical, heavy-duty throat microphone with acoustic earphone
- Blocks background noise by picking up the sound of the user's voice directly from vocal chord vibration
- Dual microphone elements for comfort and performance
- Heavy-duty construction, featuring polyurethane cable, rubber, and high-impact polycarbonate
- Clear acoustic tube style surveillance earphone made of heavy grade surgical tubing
- Large PTT button for tactical set-up
- Fits neck sizes from 12" to 17"
- Throat Mic Portion IP68 rating*

PRYME[®] NBP-BH Tactical Bone Conduction Headset

The NBP-BH Tactical Bone Conduction Headset is a lightweight, robust headset for tactical assault type operations. The unique bone-conduction speakers vibrate the jawbone, which in turn transmits audio directly into the inner ear, bypassing the eardrum. This helps the user hear better in high-noise locations, even when wearing passive hearing protection.

FEATURES

- Lightweight and very comfortable
- Noise canceling, adjustable Boom Microphone with replaceable windsock
- The adjustable top strap and behind-the-head band hold the headset firmly in place, and fits under most headgear
- 5-pin plug secures firmly to PTT switch and is backward-compatible to all PRYME Tactical accessories
- Standard package includes the PTT-1500B Tactical Hockey Puck PTT switch, and your choice of radio interface cable

* An external footswitch can be used with this headset by connecting the footswitch to the OEM accessory connector on the rear of the radio. (Requires optional footswitch and Motorola OEM connector kit part number PMLN5072A.)

PRYME[®] HIGHWAY[™] SPM-800 SERIES

Medium Duty In-Helmet Microphone

The SPM-800 HIGHWAY[™] Series is an in-helmet boom microphone and speaker system for motorcycles. The electret mic system helps minimize background noise. The SPM-800 features a large, rubber-covered PTT button that can be secured to handlebars or held in the palm of the hand, and is easy to operate even while wearing gloves. The HIGHWAY[™] installs easily, using only velcro pads - there is no need to drill holes in the helmet.

MSRP \$63

Depending on connector; see pages 51-55

FEATURES

- Medium duty, in-helmet motorcycle mic system
- Powerful in-helmet speakers allow the user to hear radio transmissions over road noise
- High-quality electret condenser element produces excellent transmit audio
- Handlebar mountable Push-To-Talk switch for convenient communications
- Installs into helmet using only two-sided fastening tape. No drilling of holes is required
- Modular features allow the mic system to be easily disconnected from the motorcycle
- Available for both open faced (SPM-800B) and full faced (SPM-800F) helmets

**For Wireless version,
use BTH-300-KIT 7
(pg. 4)**

HZT-SNB SERIES

HZT Bowman Style Tactical Headset

PRYME®

Combat style Tactical Headset w/U94 (NEXUS) Plug/NATO wiring format.
Use with Tactical PTT such as our PTT-NX4.

MSRP \$70

REQUIRES A 4-PIN NEXUS JACK (NATO WIRING) PTT WITH RADIO CABLE.
Should be compatible with any aftermarket PTT/Radio cable if it uses U94 type connection wired to NATO format.

FEATURES

- Reversible microphone for left or right side use
- Low profile, fits under helmets and hats
- Vented earpiece so you can still hear ambient noises
- Flexible microphone
- Standard military version plug
- Adjustable strap

GREAT FOR AIRSOFT!

PTT-NX4-01 Replacement PTT Switch (NEXUS U94) for HZT-SNB Series

Tactical PTT switch with NEXUS Jack (NATO U94 type.) Use with Pryme HZT-SNB Tactical Bowman Style Headsets.

Currently available with 2-pin Radio Connector for Kenwood, Wouxun, Powerwerx and similar radio models.

MSRP \$50

PRYME[®] QD[™] Quick Disconnect

UPGRADE
QD[™]
QUICK DISCONNECT
AVAILABLE
+ \$30 (MSRP)

PRYME's Quick Disconnect audio accessories and adapters provide both security and usability. Just install the adapter onto the radio and then plug the QD accessory into the six-pin QD connector. The push-pull mechanism locks the accessory in place during use, but still allows you to quickly remove it from the radio without tools if necessary.

PRYME's QD connectors are die-cast and precision machined for superb fit and incredible durability rivaling the OEM models.

Pick an Adapter and Accessory to make a set.

The PRYME Quick Disconnect (QD[™]) is available for a wide range of radios, offering additional convenience and simplicity. The PRYME QD[™] will allow the user to easily connect and disconnect a PRYME audio accessory, yet is secure enough to be used in most situations. All PRYME Quick Disconnect accessories are interchangeable with all PRYME Quick Disconnect adapters and pigtails, making communications convenient for large businesses that use multiple brands of radios. The PRYME Quick Disconnect pigtails and adapters also prevent wear and tear, prolonging the life of your radios.

Conversion Adapters for PRYME and OEM Audio Accessories

PRYME®

PRYME makes a wide variety of adapters which allow you to use the same audio accessory or microphone on several different models of two-way radios. Our adapters can save you money when upgrading radios, allowing you to continue to use existing audio accessories that you already have. Or you can share the same audio accessory between two different radios.

PRYME[®] CONNECTOR TABLE

PRYME STOCKS A WIDE RANGE OF CONNECTORS TO FIT MANY RADIO MODELS

Because PRYME has made it possible for our audio accessories to interface with so many radio models, we have many connectors at your disposal. To help clarify as to what part number should be ordered of any given accessory model, we offer you this handy guide.

1. FIND THE CONNECTOR REQUIRED FOR YOUR RADIO

2. PICK YOUR ACCESSORY TYPE

3. PLACE YOUR ORDER - EASY AS 1-2-3!

Example: Motorola GP300 Series = x03 connector SPM-2100 Trooper speaker mic for Motorola CP200 radio - YOU ORDER: Model SPM-2103

PRYME[®] TERMS AND CONDITIONS

How to Order

PRYME[®] accepts telephone orders from end-users or individuals. If you are an end-user or individual and wish to purchase a PRYME[®] product, and would like to be referred to a local dealer, call us or email PRYME[®] at orders@pryme.com. Online ordering is also available at current sales price plus applicable sales tax and shipping and handling charges through www.pryme.com for customers who do not purchase from a dealer.

PRYME[®] Sales Department is available to take orders from 6AM to 4:30PM PST every weekday, except holidays.

Customers in the U.S. and Canada can call toll-free 1-800-666-2654 to speak with a PRYME[®] representative. For all other customers, call 714-257-0300.

Warranty

PRYME[®] warrants all products against defects in materials or workmanship as follows: during the warranty period (1 year or 3 years, depending on model, from the date of purchase), PRYME[®] will repair or replace a defective unit, at our option, without charge for parts or labor. The limited warranty is extended only to the original purchaser and is valid only to consumers in the United States and Canada. The warranty does not cover damage or failure caused by or attributable to abuse, misuse, improper or abnormal usage, faulty installation, improper maintenance, unpreventable natural catastrophes, or other incidences of excessive voltage, or any tampering or repairs by other than a PRYME[®] authorized repair facility. It does not cover replacement of consumable parts, transportation costs, or damage in transit. This warranty will become void if the serial number or model number identification has been wholly or partially removed or erased.

Repair or replacement under the terms of this warranty does not extend the terms of this warranty. This warranty can only be modified by an officer of PRYME[®], and then, only in writing. Should this product prove defective in workmanship or material, the consumer's sole remedies shall be such repair or replacement as provided by the terms of this warranty. Under no circumstances shall PRYME[®] be liable for any loss or damage, direct, consequential, or incidental, arising out of the use of or inability to use this product. Some states do not allow limitations on how long an implied warranty lasts or the exclusions or limitations of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights. You may also have other rights, which may vary from state to state.

Returns

In order to return a product to PRYME[®] you must do the following:

1. You must request a Return Merchandise Authorization at www.pryme.com > support > RMA Request and filling out the RMA Request Form.
2. After filling out the form, you will receive an e-mail containing an RMA Number and instructions on how to ship the returned product(s) to PRYME[®].
3. If you do not receive the e-mail containing your RMA number, or if you have any questions or problems with the RMA form, please contact PRYME[®] for assistance at 714-257-0300. A member of PRYME[®] technical support or sale team will be happy to assist you.
4. Merchandise returned to PRYME[®] for refund or exchange must be returned within (30) days of purchase, and must be contained in the original packaging and in condition for resale. Items returned for warranty service must be within the product's warranty period (one year from date of purchase for most products.)

Returns that arrive at PRYME[®]'s corporate headquarters without RA numbers or proper documentation will be refused. Products lost in transit are not the responsibility of PRYME[®].

Credit

1. Items must be returned to PRYME[®] for credit within thirty (30) days of purchase and must be contained in the original packaging and in condition for resale. A fifteen percent (15%) restocking fee may be applied to all products returned to PRYME[®] for credit. Shipping fees are not refundable under any circumstances. No refunds will be issued on products after thirty (30) days from shipping date.
2. Please insure the product for its replacement value and retain a copy of the original shipping documents. We recommend shipping products to us using UPS or another service that allows packages to be tracked en route.
3. All products returned for credit must have a valid RMA number.

Shipping

PRYME[®] ships all domestic orders by UPS or US Post. International orders are shipped by Mail, DHL or FedEx. Shipping by different methods (U.S. Mail, trucking lines, etc.) is available at the customer's request. However, any shipping methods requested must provide some way of tracking the product in transit and require at least a signature as proof of delivery. PRYME[®] will not use a shipping method that does not provide at least these two safeguards unless the customer specifically requests it. PRYME[®] shall not be held responsible for any product lost or damaged in transit if that product was shipped by an alternate method. The customer shall be responsible for the actual shipping charges in all cases. Unless by special offer PRYME[®] does not offer free shipping on orders for any reason.

Please Note

PRYME[®] products are designed to produce a specific audio output level at maximum rated power. Modifying these devices in any way, including adding or removing components and accessories may change the audio output of the device and could result in PERMANENT HEARING DAMAGE.

Many countries have regulations defining the amount of noise that an individual can be subjected to during a normal workday. Compliance is application-dependent and standards vary. It is the SOLE RESPONSIBILITY of the end user to determine applicability and compliance to local hearing protection regulations.

PRYME[®] strongly recommends that the radio is off before installation of audio accessory. Once audio accessory is securely installed radio can be turned on. Radio volume switch is recommended to set at low position and adjusted once radio is turned on.
